5. Actions taken to mitigate identified conflicts of interest

(a) Change the CCG role with which the interest conflicts (e.g. membership of a CCG commissioning project, contract monitoring process or procurement would see either removal of voting rights and/or active participation in or direct influencing of any CCG

(b) Not to appoint to a CCG role, or be removed from it if the appointment has already been made, where an interest is significant enough to make the individual unable to operate effectively or to make a full and proper contribution to meetings etc

(c) For individuals engaging in Secondary Employment or where they have material interests in a Service Provider, that all further engagement or involvement ceases where the CCG believes the conflict cannot be effectively managed

(d) All staff with an involvement in CCG business to complete mandatory online Conflicts of Interest training (provided by NHS England), supplemented as required by face-to-face training sessions for those staff engaged in key CCG decision-making roles

(e) Manage conflicts arising at meetings through the agreed Terms of Reference, recording any conflicts at the start / throughout and how these were managed by the Chair within the minutes

(f) Conflicted members to not attend meetings, or part(s) of meetings: e.g. to either temporarily leave the meeting room, or to participate in proceedings but not influence the group's decision, or to participate in proceedings / decisions with the agreement of all

(g) Conflicted members not to receive a meeting's agenda item papers or enclosures where any conflict arises
