5		37.5%	6

Total # of respondents 16.
Statistics based on 16 respondents; 0 filtered; 0 skipped.

Is there anything else you would like to share with us about the service you received?		Response Total
		7

Total # of respondents 16.
Statistics based on 7 respondents; 0 filtered; 9 skipped.

Equality Monitoring Form: Introduction to completion Why complete this monitoring form and return to CCGs? Stoke-on-Trent, North Staffordshire and Stafford and Surrounds Clinical Commissioning Groups (CCGs) want to evidence that they are reaching out to all sections of our local communities through for example, engagement and consultation work. Seeking feedback on their healthcare experience from patients, carers, staff and members of the public help CCGs to shape services to be more inclusive. CCGs want to understand who is taking up services, what is their experience of services, as well as their workforce profile or demographics compared to local community demographics? This equality monitoring information will help CCGs to monitor the demographics of: who is attending engagement / consultation and Equality Delivery System public grading events from the nine groups protected under the Equality Act 2010; who is giving CCGs feedback on their patient experience; and what is the make up (demographic profile) of our workforce and Board? We would be grateful if you could take a little time to complete and return this optional and anonymous form. It is sensible to feel protective or cautious about disclosing any personal information, but feel assured that this information will be used for monitoring purposes only and not for any other purpose. It is completely confidential and any data we hold will be stored separately from any data that could identify you personally. How to complete: On the next 2 pages, please state which group(s) you (or the community group you represent) align yourself / yourselves with in terms of the 9 protected characteristic groups detailed below. We have also included carers and military veterans as key local groups who may be 'seldom heard', which goes beyond the legal requirements of the Equality Act 2010 and the Public Sector Equality Duty or PSED (2011). Note: This equality monitoring form may also be embedded within a patient experience survey or other. *Definition of a carer: 'A carer is anyone who cares, unpaid, for a friend or family member who due to illness, disability, a mental health problem or an addiction cannot cope without their support.' Source: Carers Trust <https://carers.org/what-carer> Equality monitoring form - you have the option to complete any or all sections I am / I represent a patient / carer / community group / a voting Board member (please circle above as appropriate)
